**Come to me,  
all you that  
are weary and  
are carrying  
heavy bur-  
dens, and I  
will give you  
rest. Take my  
yoke upon  
you, and learn  
from me; for I  
am gentle and  
humble in  
heart, and you  
will find rest  
for your  
souls. For my  
yoke is easy,  
and my bur-  
den is light.”

It is great for families to be able to return to Kilbeggan for the day, and to meet family and friends.

# 2022

Congratulations and Best Wishes to The Graduation Class of Mercy Secondary School who have their Graduation Mass on Wednesday 25th here in Kilbeggan at 11 a.m.

"Dear young people, my joyful hope is to see you keep running the race before you, outstripping all those who are slow or fearful. Keep running, "attracted by the face of Christ, whom we love so much, whom we adore in the Holy Eucharist and acknowledge in the flesh of our suffering brothers and sisters. May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us" **Pope Francis 25 March, 2019**

There are 1,000,000 people on hospital waiting lists, many for years, seriously ill people are waiting 13 hours for admission because of the health crisis, there is a massive shortage in mental health facilities, hospitals had claims for 105,000 mistakes last year. Yet big news was that there is Mass in the Chaplaincy in St Vincent's and there are crucifixes on some walls. This is more important than the crisis people without health insurance are facing. It just shows how anti Catholic sentiment is spread. When the Government thanked all who were involved in the Covid, it did not thank priests, Religious Brothers and Sisters involved in Chaplaincy's who comforted people of every religion and none who were dying, or priests in parishes who buried the dead and comforted families. Even in the Dail and Senate there is hate language used which if it were used about any other group would be called out and condemned.

The Vocation of a grandparent in our parish today!

"Even grandparents and the elderly are part of our families," "Today a prevailing throwaway culture tends to consider the elderly unimportant and even insignificant for society. Old age, on the other hand, is a further time to respond to God's call. It is certainly a new, different and in some respects even more adult and mature response. The vocation to love is a call that God makes to us at every stage of our life. This means that grandparents and the elderly are also called to live the grace of their relationship with the Lord,

through relationships with children, grandchildren, young people and children. The response to this call is articulated in two directions: one is given by what they can offer to others through their experience, their patience and their wisdom; the other from what they can receive from others in their condition of fragility, weakness and need. In this way, the elderly offer themselves and those who come into contact with them a further opportunity for human, authentic and mature growth"
