We will have a Mass of Remembrance for those who have died in the past year on Saturday 14th Nov. at 7.30pm. There will be candles available at the church entrance for families who were bereaved in the past year, to bring a candle to the table in front of the Altar for their deceased loved one as their name is read out during Mass. Please decide before Mass which family member will carry the candle to the table.

The death of someone you love is always traumatic. Their passing leaves a void in your life and home. We turn to family and friends to console us in our grieving. We also turn to God and his Word for consolation. We read in the Gospel Jesus' great promise, "Trust in God still and trust in me. There are many rooms in my Father's house." As a community, we will gather to support each other and turn to God in prayer for our deceased loved ones at our Remembrance Mass.

Heavenly Father, we entrust Pope Leo to Your loving care. Grant him strength, comfort, and complete healing as he faces this illness. Guide his doctors and bless those caring for him. Through the intercession of Mary, Help of Christians, may he recover soon and continue serving Your Church faithfully. Amen.

"Hunger cannot be considered a statistical anomaly, for it is caused mainly by a lack of political will and collective charity. Nor are food shortages geographically unavoidable. Indeed, in an era of greater technological advancement than ever before, it is intolerable that bread should be considered a privilege and water a contested commodity. Regular access to safe, adequate and sufficient food, in keeping with the dignity of every person, is a basic human right. Guaranteeing this right is an obligation of justice that binds both individual States and the international community. And yet, while innovations accelerate production, distribution is being neglected. Grain markets are being optimized on stock exchanges, while the actual seeds that germinate in the soil fall into the hands of monopolies that suffocate small-scale farming. ….. The myth that growth can be endless when resources are limited has reached breaking point. Today, innovation requires adopting an intergenerational sense of responsibility that looks beyond annual budgets. Innovation means reconciling technology with wisdom, including ancestral wisdom, while maintaining a vision for the future. It is not a matter of rejecting technological advances, but rather of integrating them with the wisdom of farmers who have deepened their understanding of the soil and the climate through centuries of conscientious observation. This likewise involves protecting water as an inalienable common good." ***Pope Leo's message for the 2026 World Food Day***

November is the month we pray especially for our family, parents and friends who have died. We pray that the Lord will welcome them into the happiness of heaven. "Death is the passage to the fullness of true life. The Church, subverting the logic of this world, calls the Christian's day of death his *dies natalis*, the day of his heavenly birth, where "there will be no more death, and no more mourning or sadness [for] the world of the past has gone" (Aps 21, 4). Death is the prolongation, in a new way, of life as the Liturgy says: "For your faithful, O Lord, life has changed not ended; while our earthly dwelling is destroyed, a new and eternal dwelling is prepared for us in Heaven.

The **List of the Dead envelope** is in the packet of Parish envelopes you received earlier this year, or you can write out your list and place them in an envelope marked List of The Dead. Masses are said for all those on the Parish List of the Dead on the Feast of All Souls and on the First Friday of each month throughout the year.

Pope Leo's prayer intention for October - For mental health ministry.

Let us pray that the mental health ministry be established throughout the Church, helping to overcome the stigma and discrimination of persons with mental illnesses.
